Experience

Trainee - Data Science, Python, and Machine Learning

June 2024 – July 2024

- Performed data analysis and data cleaning tasks using Python.
- Utilized machine learning techniques to build predictive models and gain insights from data.
- Worked with Pandas and NumPy for data manipulation and analysis.
- Completed end-to-end workflows, including preprocessing, modeling, and basic reporting.

Projects

Amazetalk – Online Chat Application — MERN Stack

- Built a chat application featuring notifications, online status, and group chat.
- Integrated Socket.IO for real-time messaging and used MongoDB for data management.
- Secured user data with JWT-based authentication and implemented a responsive interface using React.

WowFoods – Food Order Website — PHP, SQL

- Developed a website for food ordering using PHP, HTML, CSS, and SQL.
- Included features like real-time delivery updates and inventory management.
- Completed the project within four months, improving the order process efficiency.

WebCoin Tracker — HTML, CSS, JavaScript

- Created a cryptocurrency tracker website using APIs from TradingView and CoinGecko.
- Displayed real-time data for over 500 cryptocurrencies.

Technical Skills

Programming Languages: C++, C, Java, Python, JavaScript, TypeScript

Technologies: MongoDB, SQL, React.js, Node.js, Angular, Git, GitHub, Tailwind, Bootstrap, Docker

Skills: Data Structures, Algorithms, Problem Solving, Web Development, Data Analysis, Python Scripting

Achievements

- Secured a top 50 rank in the Smart India Hackathon (gearup session) organized by LPU in July 2024.
- HackerRank: 5-star rating in Problem Solving and Java, demonstrating strong algorithmic and coding proficiency.
- LeetCode: Solved 200+ problems with a global rank under 500,000, demonstrating strong DSA and problem-solving skills.

Certifications

- Server-Side JavaScript with Node.js – NIIT (View Certificate)
- Cyber Security and Privacy – NPTEL (IIT Madras) (View Certificate)
- Build AI Apps with ChatGPT, DALL-E, and GPT-4 (View Certificate)
- Generative AI with Large Language Models – DeepLearning.AI (View Certificate)

Education

Lovely Professional University

2022 – 2026

Bachelor's in Computer Science and Engineering – CGPA: 7.26

Kendriya Vidyalaya, BHEL, Haridwar

2021 – 2022

12th with Science – Percentage: 71.2

Kendriya Vidyalaya, BHEL, Haridwar

2019 – 2020

10th with Science – Percentage: 71.8
